Continuation of Substance of Interview including description of the general nature of what was discussed: In reviewing the after final amendment, it was pointed out that R1a as H has been re-inserted into the claims. As such the amendment would not be enterable since it would necessitate additional consideration and/or search for the expanded scope. It was agreed to delete "hydrogen," in the R1a choice in claims 1 and 30. It was also noted that claim 23 recites subject matter outside the scope of claim 1 as amended by the previous amendment. It was agreed to cancel claim 23. A subsequent voicemail was left for Mr. Myers regarding claim 11 which is now dependent on a cancelled claim (namely claim 10). It appears that "11" should be made dependent on "1". On 10/22/07 Mr Myers agreed to change "10" to "1" in claim 11.
